FORMER UNITED STATES SENATOR SCOTT LUCAS

Having been intimately acquainted with Paul Powell for the past 25 years, I should like to take this opportunity to inform the many new voters, as well as to refresh the memories of the older ones in Mr. Powell's district just what a great Democrat has done for his Par-

Paul Powell has been an active, working Democrat all of his life. He has worked unceasingly and unselfishly to promote the ideals of our great Party-and he worked as hard dur-Ing those dreary years when the Party was out of power and in financial straits as when we held state and national office, which made campaigning relatively easy.

A real Democrat!

Paul Powell was downstate eampaign manager of my campaigns for re-election to the United States Senate in 1944 and 1950. He was the Democratic Downstate Director in 1945, having been recommended by the late Mayor Kelly of Chicago and myself, at a time when there were no funds in our treasury.

At Powell's request, we held a dinner in March of that year and raised \$15,000 to carry on downstate headquarters.

In 1948 when Democratic funds and morale were even lower. Paul Powell was still Downstate Director and worked to overcome overwhelming odds He, with my co-operation, was responsible for bringing President Truman into Illinois at a time when some members high In the Democratic Party attempted to veto this arrangement.

All of these great contributions were made by Faul Powell to the Democratic Party in Illinois WITHOUT ACCEPTING A SALARY FROM ANYONE.

It is my considered opinion from my long experience in, and intimate knowledge of Illinois politics that no Democrat holding public office today in our state has done more for the Party than Paul Powell. He has attained stature and influence in the Legislature throughout the state of which our Party can be proud.

A victory for Paul Powell in the Primary and General elections would be a victory not only for the district which he has faithfully served, but for the entire State of Illinois.

Respectfully,

NOBLE J. PUFFER Director, Department of Registration and Education

#### MINORITY LEADER OF REPRESENTATIVES

In concluding 20 years of service in the House of Representatives, I am reminded of the many pleasant years we were associated as Democrats in the House. In my opinion, the outstanding session was the 66th in 1949-50, when you were the duly elected Speaker and I served as the Majority Leader.

In that session, we sponsored and passed more liberal and progressive legislation than any other session in which I served. I also enjoyed the many other sessions in which we worked so

hard together.

"EDDIE" BARRETT, FORMER STATE OFFICER

I have been reminiscing over my years as an elected state officer and such pleasant memories are made even more rewarding by the admiration I hold for you, Paul, as a man and as a member of the House of Representatives.

Throughout your years of conscientious service as a member of the Legislature, you have continually demonstrated a keen analytical mind in your understanding and presentation of the many bills before the House, resulting in constructive legisla tion of which the people of Illinois are the beneficiaries.

You have been admired and respected by your opponents and colleagues alike. I have always found your word to be your bond. Your ability as an organizer and leader played an important part in Democratic State victories as far back as the 1948 campaign and beyond.

Anyone who followed your career as Speaker of the House, as Minority leader and in other capacities observed a graphic demonstration of how to do a commendable job under difficult conditions.

Thank you for your loyalty and help during my term as Secretary of State, Auditor of Public Accounts and State Treasurer. Rest assured that I-and the Democratic Party in Illinois -will long remember and admire the name of Paul Powell.

Sincerely. EDWARD J. BARRETT.

#### THANKS FOR SPEECH OUTSIDE OF DISTRICT

. . I want to thank you so much, Paul, for the wonderful speech you presented at our meeting at Salem. It was the difference between an ordinary meeting and a most successful one. The Committee and I really appreciate your taking the time to come to Marion County and doing such a masterful job.

"We are indeed indebted to you and please know that anytime we can be of service to you in any way, all you need do is call on us.'

#### YOUNG DEMOCRATIC GROUP

Just a short note to express my personal thanks for your visit with the Southern Illinois University Young Democrats February 26, 1958.

Your talk, I am sure, will engender more than a little action on the part of at least a few of the members, myself included. Thanks again, and feel free to call on me or the organization any time you are in need of any service which we might render.

#### JAMES RONAN, STATE COMMITTEE CHAIRMAN

It was a real pleasure and a valuable experience for me to have worked closely with you during the recent campaign. Certainly nobody, even the candidates themselves, devoted more time, effort and energy in the interest of the Democratic Party. That you would undertake this task again, as you have done so many times in the past, and work so long and tirelessly WITHOUT SALARY OR REMU-NERATION, is certainly evidence of your intense loyalty to

the Democratic Party of Illinois. As Chairman of the State Central Committee, I would like to express to you, on behalf of the Committee, our gratitude to you for your fine efforts.

ORGANIZATION I have heard that you are going to be a candidate for reelection from your district. In great esteem and admiration for you as one of southern Illinois' greatest Democrats, I am enclosing a small personal check to-

ward your campaign. As I sit here writing this letter, my memory recalls the long years both of us have unselfishly devoted to the Democratic Party. This year will complete my 24th year, either as a member of the Democratic State Central Committee or as an officer

of the Committee. IN ALL THOSE YEARS, YOU HAVE BEEN ACTIVE IN EV-ERY CAMPAIGN WHICH WAS WAGED. In a great measure you contributed to the success of Senator Lucas' re-election in 1944. In 1946, when neither of us thought the Party had a chance of electing their state ticket, you devoted months in which you made every possible effort to rebuild the organization. DAY AND NIGHT YOU RODE INTO EVERY SECTION OF ILLINOIS MAKING SPEECHES. THIS YOU DID WITHOUT PAY AND VERY SELDOM EVER GOT ANY EX-PENSE MONEY.

In 1948 when Stevenson was running for Governor and no one thought he had a chance, you worked day and night perfecting an organization which made it possible for him to be elected.

Every campaign since then you have been active and never received any salary or expenses. You have been the sponsor of much good legislation for your district as well as for the State of Illinois. You have been the champion of the Democratic party all over the State.

Good Luck and best wishes to you, my stalwart Democratic friend whom Democrats all over Illinois admire, love and respect, and call their champion

Sincerely, JOSEPH E. KNIGHT CRITICISM REFUTED BY COURT OFFICIAL

February 5, 1958. "It is with great concern that I've been reading and hearing of attacks on lifelong Democrats. It is very perturbing, particularly to someone like myself who has been active in Democratic

circles for more than 30 years.

"I firmly believe that no one in the Democratic party has given so much of his time and monev in the last 20 years as you have. Many, many times I have asked you to appear in Jefferson County or in the 23rd Congressional District, and not once have you failed me. And, Paul, I would like to remind some of these detractors of your work in 1948. That was the year we supposedly did not have a chance but, with your driving power, you convinced Harry S. Truman he should make the trip through southern Illinois, and no one will ever change my mind that that was the turning point of the campaign-all credit must go to

Paul Powell. "Needless to say, Paul, I feel very strongly that the Democratic Party needs you, and the other stalwarts who are under fire also, and I sincerely hope you will call on me if I can be of any assistance whatsoever."

JIM McLAUGHLIN Clerk, Appellate Court, Fourth Division Illinois.

FORMER ILLINOIS DIRECTOR REVENUE

Paul, without any flattery or what you people call "heifer dust," I want to say that the Democratic Party and the State Administration should be very proud of the way you conducted the arduous task of Speaker of It has been the unanimous acclaim of the members of both parties that your job was an excellent one. I am still hearing reports

about the fine manner in which you conducted yourself.

### From Governor Stevenson—

Dear Paul:

Before the dust settles I want to say what a masterful job of management and advocacy you did in the legislature. If you had studied law you would be a celebrated trial lawyer by this timeand probably dying from heart trouble! Thank God you went into politics!

My thanks and everlasting admiration.

Yours.

Adlai E. Stevenson

I assure you that we at the University are aware of and deeply grateful for your aggressive leadership and constant alertness in making valuable contacts to strengthen the line in our behalf. . . . #### FORMER CHAIRMAN OF STATE COMMITTEE

In my judgment, and I think I know something about people, this man is as good and as fine a Democrat as there is in the State of Illinois, working in the interest of the Party, and the interest of people running for office. Many times, when he does not do himself any particular good in doing it-Paul Powell does not consider himself when doing so-he attends all meetings when called upon to spread the word of Democracy. He is always ready and able to
